

Yes, I want to Go Green...sign me up for Valencia e-news!

We all know the environmental benefits of paper conservation, but did you know that **printing and copying costs account for the majority of the school operating budget?** This year, the H&SC will join Aptos Jr High and Aptos High School by eliminating routine paper notifications and shifting to electronic based communications on the school website (www.valencia.pvUSD.net). By receiving electronic information instead of paper copies you will not only be supporting our efforts towards “Going Green”, you will also help to reduce significant paper costs, allowing precious money to instead be used for other critical needs. Once again, another very easy way to contribute towards making a BIG difference!

Please also add me to the Valencia Home and School e-mail list for notices and reminders of upcoming events.
